Questions, Quotations and Exclamations from Sr Lois

“It takes a village to raise a child”, we have heard this statement for years, however it is true that without support from friends, family and community our children will not thrive and grow into independent, successful adults. For years preschool has been one of those supports, but it has been viewed as an unnecessary element in many children’s lives. Research is now showing that to be successful, our children need to begin their education careers in a quality preschool that will provide them with a strong foundation in social, emotional and academic skills, thus we see preschools popping up everywhere, but how does one know it is a “quality” program? The state of Ohio has developed a 5-star rating program called “Step Up to Quality” to identify good preschools.

Our preschool has been preparing for this evaluation for 2 years and will be entering the formal process on Monday, November 26th, 2018, when we submit the “desk review” online to the state and will then be assigned a date for our on-site visit sometime in the spring. We are asking the village of St. Aloysius Parish for your prayers and support as we attempt to prove that we have a quality program for our young children who are our future. Thank you!

Campaign for Human Development

The Bishops of the United States established the Catholic Campaign for Human Development in 1970 as a way to aid development of economic growth in low-income neighborhoods across America. CCHD is helping people help themselves. With the support of parishioners across the country, grants are made to parishes, youth groups and local organizations that work to break the cycle of poverty and empower people to make real and lasting change in their lives. Nationally, more than \$8.7 million is raised annually through the Catholic Campaign for Human Development. Those who are affected by poverty have a voice and an opportunity to be part of the development of their communities. Your support of this campaign helps make that work possible. The funds awarded in the grants come from parishioners during the in-parish collection taken each year the weekend before Thanksgiving. A percentage of the donations remain in the diocese of Cleveland for local grants; the remaining percentage goes to the national CCHD office for larger national grants. This work cannot be done without your support. Today we will take up the CCHD collection.. Please be as generous as you are able.

 Sun Dec 2 Jeremiah 33:14-16;
 1 Thessalonians 3:12-4:2; Luke 21:25-28,34-36

Family Perspective

The gospel today is clear that "everyone who belongs to the truth listens to my voice". Truth is critical to human fulfillment and happiness. Without the truth we live suspiciously in a world of lies. What is the truth about the effect of our actions on children? The importance of a father's presence to the development of a child? The effect of cohabitation on a relationship? The result of long work days and too little time with families? Live the Gospel truth.

Retirement Fund for Religious—

Across the United States, hundreds of religious communities lack financial resources sufficient to meet the retirement and health-care needs of aging members. Many elder religious worked for years for small stipends, leaving a large gap in retirement savings. At the same time, fewer religious are able to serve in compensated ministry. Like many Americans, religious communities face the monumental challenge of funding eldercare. By 2028, retired religious are projected to outnumber wage-earners by more than three to one. We will take up the annual collection for the Retirement Fund for Religious next Sunday. Envelopes are available on the literature table.
